

Harley QUICKWIN is a 3x5, 20-line video slot that includes a Quick hit feature with Massive Multipliers awarded for top prizes, along with a Free Spins Bonus with retriggers and boosters that increase chances for Quick hit prizes.

### **Main game**

Only the highest win per bet line is paid.

Bet line wins pay if in succession from the leftmost reel to the rightmost reel.

Wild substitutes for all symbols except the Diamond Scatter and Harley symbols.

Diamond Scatter symbols only appear in reels 2, 3 & 4.

### **QuickWin Feature**

Quickwin Prizes are awarded when receiving 6 to 15 Harley symbols.

Receiving 13 to 15 Harley symbols activates the Bonus Wheel which randomly awards 1,500x / 1,000x / 750x / 500x / 250x / 200x / 100x / 80x / 50x / 40x / 30x or 20x Total Bet.

- 13 Harley symbols triggers 1 spin of the Bonus Wheel
- 14 Harley symbols triggers 2 spins of the Bonus Wheel
- 15 Harley symbols triggers 3 spins of the Bonus Wheel

### **Free Spins Bonus**

3 Diamond Scatter symbols activate Free Spins random selection screen.

Initial selection wheel will randomly award 8, 10, 12 or 15 Free Spins.

The 2nd selection wheel will randomly award 0, 1, 2, 3, 4 or 5 Quickwin Boosters. These boosters reduce Harley symbols needed for Quickwin prizes.

Example: 5 Boosters means that the top Quickwin prize + 3 spins of the Bonus Wheel only needs 10 Harley symbols instead of 15.

Receiving another 3 Diamond Scatter symbols retriggers the bonus by adding the initiating number of spins to the total spins remaining.

### **Bonus Buy Feature**

Players can buy their way into the Free Spins Bonus directly from the base game within jurisdictions that support Bonus Buy features.

Once purchased, players are awarded with a random number of Free Spins and Quickwin Boosters within the selection range above.
