

NEON BLAZE | JACKPOT INFORMATION

“Jackpot Jolt” symbol pays according to the following pay table for all bet levels except maximum bet:

Symbols	Pays
9	2000 x Total Bet
8	650 x Total Bet
7	100 x Total Bet
6	50 x Total Bet
5	10 x Total Bet
4	5 x Total Bet
3	1 x Total Bet

When playing at the maximum bet, the top 5 pays (5-9) are Progressive prizes.

- 2% of every bet at maximum bet level is distributed among the 5 progressive prizes
- The progressives are local, part of the internal RTP and cannot be linked externally. Therefore, all accumulated contributions go back to the individual player on a progressive win
- The progressives have persistent progress which is stored in a database. This means all accumulated contributions are stored for each player
- After a Progressive is won, the progressive meters will reset to the base values as per the above pay table

The 2% contribution of max bets are distributed amongst the 5 Progressive prizes as follows:

9	2000 x Total Bet	+0.4% contribution of each max bet
8	650 x Total Bet	+0.8% contribution of each max bet
7	100 x Total Bet	+0.5% contribution of each max bet
6	50 x Total Bet	+0.2% contribution of each max bet
5	10 x Total Bet	+0.1% contribution of each max bet
